

Currently serving as a “Highly Qualified Expert” (HQE) for the OSD Chief Management Officer’s Reform Management Group (RMG) for Testing since early February 2018. Heading up two major RMG Projects concerning centralized Test & Evaluation (T&E) management of key processes and improving T&E Cost Fidelity. The results of these projects involve implementation activities across DoD’s 4th Estates and the Military Services.

Prior to the HQE assignment at OSD, was the VP for Business Development for Clockwork Solutions LLC, a firm that specializes in the high definition analytics. Prior to this, consulted for a variety of automotive, software, IT, medical device, and health-care firms to either help them make money or to find money or both.

Also, a founding partner of the Veterans’ Opportunity Fund, a venture capital fund that is solely dedicated to veteran entrepreneurs and small business owners.

Served over 35 years in the United States Army with last 25 years on the business side. Served in various tactical, R&D, test, and program management assignment. His career culminated with the last two high profile positions as Program Executive Officer for Missiles and Space at Redstone Arsenal and Commanding General of the U.S. Army Test and Evaluation Command at Aberdeen Proving Ground. Transitioned in September 2013.
